

Life is what you make of it

but when it gets out in the open  
everything changes

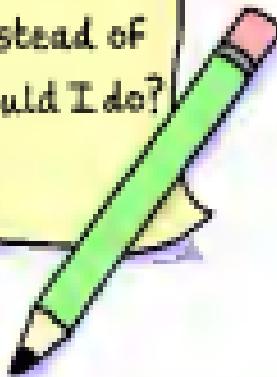

So just go for it.

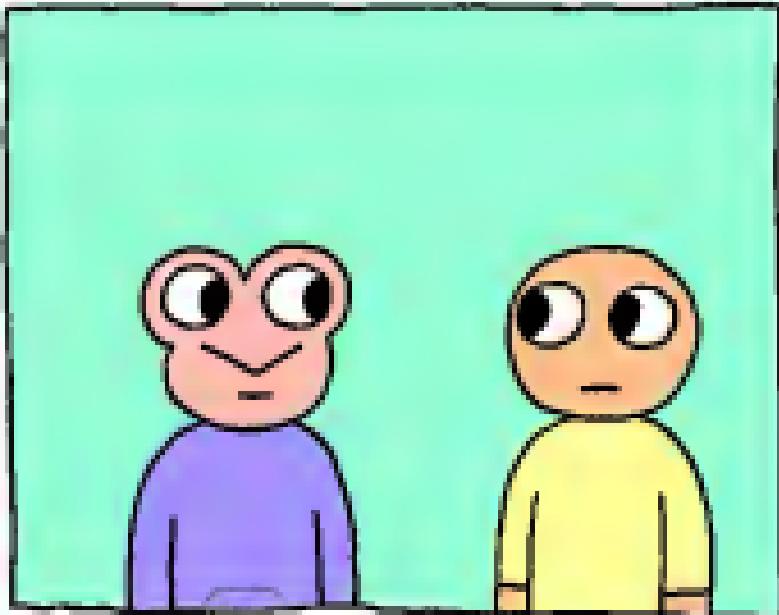

# How to LOVE

Dear author,  
I have a crush on this person and it seems he's starting to like me back.  
I don't know why but suddenly I feel scared and anxious instead of happy. What should I do?

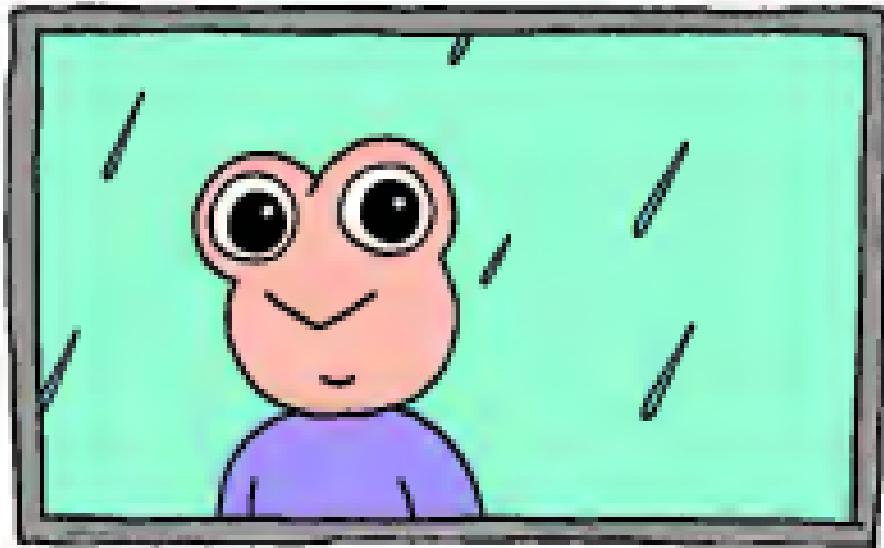

- Zelle

Sometimes we feel scared  
and anxious because we realise we  
are in control of our own lives

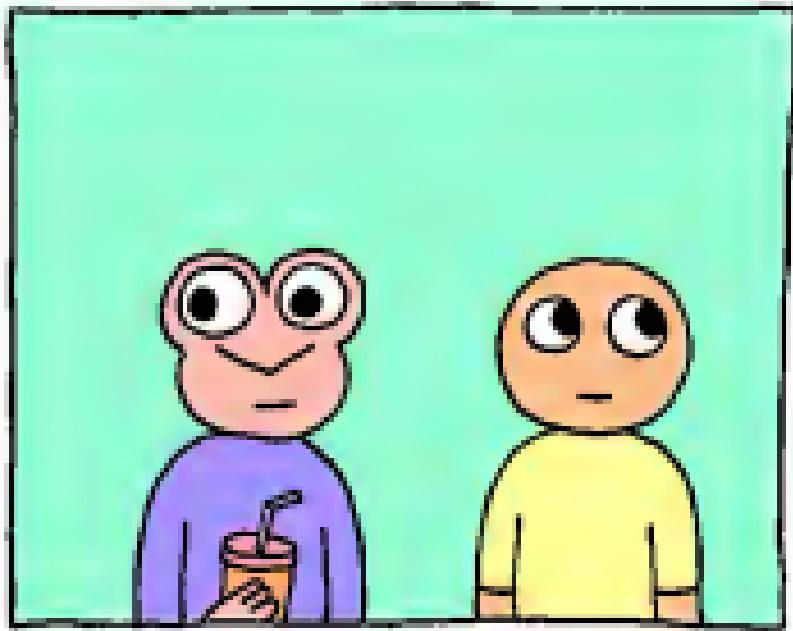

In a movie,  
it is obvious what would  
happen next:

eyes meet

and things don't happen  
if we don't do anything

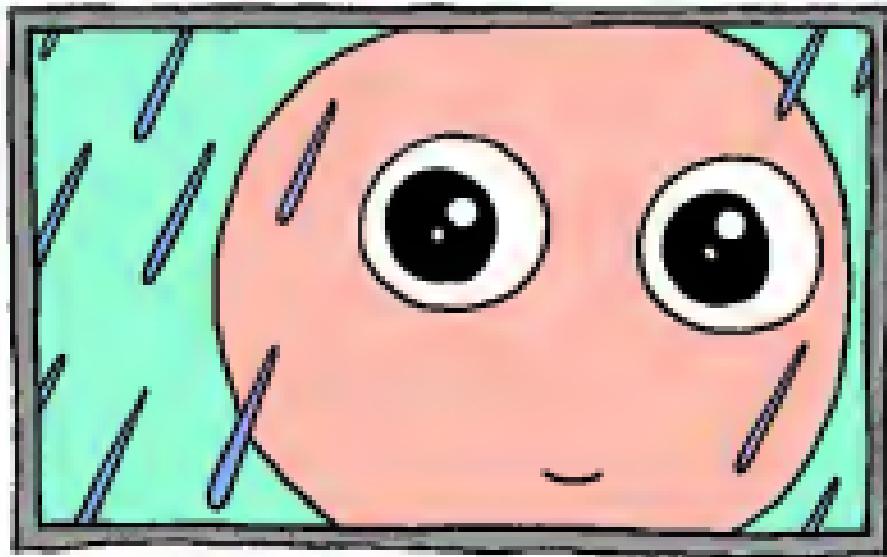

When love is unreciprocated,  
We can keep it to ourselves

But life doesn't have a director  
making all the decisions for you.

music intensifies

it begins to rain

and the romance begins  
in a moment of pure bliss

just as we expect.

or if we do something,  
it could go wrong.
